

My name is Adan Heber Gaona Gonzalez, and I am a high school student who takes pride in being hardworking, athletic, and committed to doing my best. I am writing this letter to introduce myself and share information about my background, accomplishments, interests, and future goals so that my counselors and teachers can better support me when writing letters of recommendation for scholarships, college admissions, employment opportunities, and other honors.

Throughout high school, I have participated in several activities that have helped me develop responsibility, teamwork, leadership, and discipline. In athletics, I have played soccer for two years as a goalkeeper, baseball for two years as an outfielder, and basketball for one year as a small forward. One of my proudest athletic accomplishments was earning third place in baseball and being named “Man of the Match” in soccer after making 20 saves in a game. These experiences taught me the importance of commitment, perseverance, and performing under pressure.

Outside of sports, I have also been involved in school and community support activities. I worked as a teacher’s assistant in an after-school program for approximately 40 hours, helping teachers with assignments and classroom support. I also worked in a snack bar for about 27 hours, where I handled selling and restocking items. These experiences strengthened my communication skills, dependability, and ability to work well with others.

Academically, my current GPA is 2.2, and my class rank is 195. Although I know there is room for improvement, I continue working hard and staying focused on becoming a better student. In middle school, I earned Honor Roll recognition for maintaining a 3.0 GPA for two years, and I was also named Student of the Month for helping my teacher with tools and classroom tasks. In addition, I have developed technical skills in HTML, CSS, and JavaScript, and I currently type at 24 words per minute.

After high school, I plan to continue my education and am considering colleges such as West Hills Community College, Lemoore College, and UCLA. My career interests include athletics, mechanic work, and construction because I enjoy being active, working with my hands, and building meaningful skills for my future.

The three words that best describe me are hardworking, positive, and athletic. I believe my strongest quality is my determination to keep pushing forward, even when things become difficult. I would also like to mention three teachers and staff members who know me well and can speak about my character and work ethic: Mr. Ramos, Ms. Leal, and Mr. Chagoyan.

Thank you for taking the time to learn more about me. I hope this letter gives you a better understanding of who I am as a student, athlete, and person. I am excited about the opportunities ahead and will continue working hard to improve myself and represent my school in a positive way
